

Lobby Government – re: “swine flu”

“That Ontario Pork encourage the Ministers of Agriculture, Ministers of Health (Federal and Provincial) and Heads of both Federal and Provincial Governments to encourage and require all media in the Province of Ontario and Canada to refrain from using the term “Swine Flu” and to call it by it’s proper name, “Novel H1N1 Flu”

(This is a similar request made by USDA Secretary Tom Vilsack to the Media outlets in the US)

Moved by Jim Denys and seconded by James Willemse
