

Perth County Pork Producer Association – Resolutions carried – January 6, 2010

Resolution follow-up to PCPPA Association Letter to Tribunal Hearings and Ontario Pork

Whereas the Perth County Pork Producers Association has indicated to Ontario Pork our desire to maintain marketing powers and

Whereas those powers can only be maintained if Ontario Pork remains as a Marketing Board and

Whereas we do not believe that being reduced to the status of an Association is in the best interest of the majority of our producers and

Whereas we believe that Ontario Pork should work to strengthen those marketing powers to meet the needs of our evolving industry

Therefore be it resolved that Ontario Pork should immediately launch an appeal to the Minister of Agriculture, if the Tribunal decision does not uphold our right to have a marketing board with the power to control the marketing of hogs in this province as we approved at the June 11, 2008 Policy Days.
